### MEMORANDUM

DATE: November 15, 2006

TO: School District Superintendents

Charter School Administrators

FROM: Timothy D. Hill

**School Support Services** 

SUBJECT: 2006-2007 School Support Payment

Payments made today represent each district's and charter school's entitlement of the November distribution of school support funds per §33-1009(2) and §33-5208, Idaho Code. Total school support funds of \$249,706,760 are available for this third distribution.

HB 1 from the August 2006 Special Legislative Session resulted in an increase in the FY 2007 general fund appropriation to public schools by \$250,645,700 and a repeal of section 33-1002D, Property tax replacement. The \$75,000,000 that was intended for property tax replacement distribution will now be included as net state funding per support unit (distribution factor) and will be distributed with the school support program payments.

Twenty percent of these funds (\$65,129,140) have been added to each of the three advance payments (August, October, and November) as well as the February and May payments. The additional funds for the August advance payment was added to the October payment, since the August payment preceded the Special Legislative Session (see attached MS Excel file, DSTSCH07 VO.xls). Please keep in mind that these funds are replacing previously equalized local M & O property taxes that you would have received in January and July, as well as property tax replacement funds that you would have received in December and June. Charter schools will not be affected by these additional state funds because they did not receive local M & O property taxes.

In order to correctly calculate advance payments for August, October, and November, distribution ratios for 2005-2006 were recalculated based on the elimination of local M & O school property taxes and property tax replacement (see attached MS Excel file, NOV1506 VO2.xls).

Payments are slightly higher than the result of multiplying your distribution ratio by the total funds available, because of those charter schools that were in operation last year, but were eligible for a July advance payment due to enrollment growth [§33-5208 (5), Idaho Code]. November payments to charter schools that received a July advance payment have been adjusted based on the latest enrollment data and preliminary administrative and instructional experience and education indexes.

Please call me at 332-6840 if you have any questions or if you would like to discuss.
